at the heart of walking

***Our local countryside has  
many pleasing faces***

All sporting and leisure activities have inherent  
hazards associated with them and rambling is no  
exception. In spite of the safety of members  
always being of paramount concern, accidents  
may occasionally occur.

It is important therefore, that when entering into  
the activity, each member appreciates that they  
have a responsibility to identify the hazards  
associated with the activity and take all  
reasonable steps to eliminate or minimise the  
potential for an accident to arise.
